TENTATIVE PROGRAM

Keynote Presentations

Saurabh Chattopadhyay University of Toledo College of Medicine, United States	Title: Will be updated soon
Reza Nassiri Michigan State University, United States	Title: Clinical significance and global burden of antibiotic resistance
Ranjan Ramasamy IDFISH Technology, United States	Title: Societal factors constraining the application of advances in biological sciences for controlling COVID-19 and mosquito and tick-borne diseases
Stephen Hsu Augusta University, United States	Title: Efficacy and safety studies of EC16 nanoformulations against human coronavirus
AC Matin Stanford University School of Medicine, United States	Title: Countering bacterial antibiotic resistance on earth and space
Daniel A. Lichtenstein Hospital Ambroise Pare, Medical Intensive Care Unit	Title: Ultrasound for diagnosing pneumonia. The place of the BLUE-protocol
Jacek Z Kubiak Wojskowy Instytut Medyczny - PIB, Poland	Title: Will be updated soon
Krzysztof Skowron Nicolaus Copernicus University in Torun, Poland	Title: Antibiotic resistance of Enterococcus spp. strains isolated from wild and farm animals - an important non-clinical problem
Seki Masafumi Saitama Medical University International Medical Center, Japan	Title: Clinical features of adult, hospitalized, non-vaccinated COVID-19 patients during the omicron variant surge in Japan
Alfonso Recordare Dell'Angelo Hospital, Italy	Title: Phage therapy in clinical practice: Our experience in 10 cases with different etiology

Oral Presentations

Alena Analeigh McQuarter The Brown STEM Girl, United States	Title: From the pandemic to the classroom: The importance of mental health for health care workers and students in a post pandemic era. Navigating a healthy you.
Casey Hamlet Rutgers New Jersey Medical School, United States	Title: Identifying the occurrence of pre-arrival tuberculosis screening among foreign born patients diagnosed with latent and active tuberculosis
Rima Al Balushi University of Nebraska Medical Center, College of Public Health, United States	Title: Biosafety and biosecurity capacities and practices among Egypt's private human and animal diagnostic laboratories professionals: A comprehensive assessment

TENTATIVE PROGRAM

De chu Christopher Tang VaxDome Inc., United States	Title: Virus/mutation-agnostic vaccines
Cristina Meehan National Institutes of Health, NIAID, United States	Title: The next frontier in malaria prevention: Pfs230D1 transmission-Blocking vaccine's novel surrogate assay of efficacy
Aung Sitt Naing Eastern Virginia Medical School, United States	Title 1: An unexpected twist under the microscope: Schistosomiasis masquerading as endometriosis Title 2: Uncharted territory in mycobacterial world: The second reported case of mycobacterium shimoidei in the United States
Susannah Colt Warren Alpert Medical School of Brown University, United States	Title: Inflammation-adjusted vitamin A deficiency is associated with higher Schistosoma japonicum infection intensity among children and adolescents in The Philippines
Shay Nair Sharma Stanford Univeristy, United States	Title: Pandemic Perspectives: Comparison of the Physician Response to Black Death and COVID-19
Arjun Chadha Michigan State University, United States	Title: Ocular syphilis with concomitant neurosyphilis and tuberculosis: A case report
Prabha Chandrasekaran Integrated Research Facility, National Institutes of Allergy and Infectious Diseases, United States	Title: Assay identifies rVSV?G-ZEBOV-GP vaccination status and correlates Ebola virus glycoprotein with vesicular stomatitis Indiana virus nucleoprotein antibodies
Elizabeth Yvonne Flores Boston University School of Medicine, United States	Title: An iPSC-derived organoid-based model of intestinal filovirus infection
Prabha Chandrasekaran NIAID, National Institutes of Health, United States	Title: Assay identifies rVSV?G-ZEBOV-GP vaccination status and correlates Ebola virus glycoprotein with vesicular stomatitis Indiana virus nucleoprotein antibodies
Yuhang Liu Moderna Services, Inc., United States	Title: Estimating the effectiveness of non-pharmaceutical interventions during Covid-19
Anne Craigie St Vincent's Hospital Melbourne, Australia	Title: Long-term outcomes of a nurse-led, statewide model of care for hepatitis C among people in prison in Victoria, Australia
Julie Anne Carroll Queensland University of Technology, Australia	Title: Will high-risk populations and health practitioners find presumptive antibiotic treatments an acceptable and feasible solution to rising incidence and prevalence of bacterial STIs: What we know so far
Wei Ven Chin Sarawak General Hospital, Malaysia	Title: Protocolized Point of Care Ultrasound (POCUS) as part of the Dengue Fever Assessment
Mae Jane Khaw Limbang Hospital, Malaysia	Title: The Hidden Dilemmas of Melioidosis: Atypical Presentation and Treatment Challenges
Alexis Torres-Rodriguez Dr. Ramon Ruiz Arnau University Hospital, Puerto Rico	Title: Abrupt and lethal rare complication: A case report of a 32-year-old male who suffered from pyogenic ventriculitis.

TENTATIVE PROGRAM

Angelica M. Ludena De Freitas Universidad Central del Caribe, Puerto Rico	Title: Is plasmapheresis the future treatment for Leptospirosis? Case report of a 75-year-old patient with complete recovery after plasmapheresis therapy.
Cara Spence University of Saskatchewan, Canada	Title: SHIVER: A Syphilis/HIV 'test and treat' POCT intervention trial to reach rural/remote and underserved populations in Saskatchewan, Canada
Maria Beaufriere Ambroise Pare Hospital, France	Title: Validation of the normandy score- predictive of abnormal echocardiography- in the management of bacterial native joint and bone infections
Claudia Ferreira Biophytis Sorbonne, France	Title: Will the seine river water jeopardize the athletes' health during the sporting events of the 2024 Olympic Games in France
Valerie Pourcher Pitie Salpetriere Hospital, France	Title: Efficacy of oral 20-hydroxyecdysone (BIO101) in adults with severe COVID-19 (COVA): A randomized, placebo-controlled, phase 2/3 trial
Caroline Ballet Fabentech, France	Title: Equine polyclonal F(ab)'2 as a rapid and strong therapeutic answer against potential new SARS-CoV-2 surge
Daniela tirotta Internal Medicine Forli, S Orsola University Bologna, Italy	Title: Hemophagocytic lymphohistiocytosis syndrome and syndrome of inappropriate antidiuretic hormone ADH release: keep in mind visceral leishmaniasis. Case report and literature review
Tania Ayllon Santiago Alfonso X El Sabio University, Spain	Title: Insights into West Nile Virus Seroprevalence in wild birds and equines: A focus on Madrid Province, Spain
Pedro Plans Rubio Department of Health of Catalonia, Spain	Title 1: Adapted mRNA COVID-19 vaccines have a limited ability to establish herd immunity in the population against Omicron BA.1 and BA4-5 variants of SARS-CoV-2 Title 2: Factors associated with non-adherence to tuberculosis (TB) preventive treatment among adult contacts of pulmonary TB cases with latent TB infection in Spain
David Mejía Zavala Universidad Peruana Cayetano Heredia, Peru	Title: Current situation of Cystic Echinococcosis in Peru
Anne Morris North Bristol NHS Trust, United Kingdom	Title: Implementing the Covid-19 vaccination programme in the Southwest of England: Lessons from a normalisation process theory perspective
Namiz Damani Betsi Cadwaladr University Health Board, United Kingdom	Title: Improving compliance with local guidelines for antibiotic prescriptions using PDSA methodology
Keekok Lee University of Manchester, United Kingdom	Title: Assessing COVID-19 in the context of geopolitics
Mark Asare Owusu University of Cambridge, United Kingdom	Title: Using mathematical models to explore future meningitis vaccination strategies in Ghana

TENTATIVE PROGRAM

Ahmed Abdalla Wexford General Hospital, Ireland	Title: Sever adenovirus infection in an immunocompetent host
Ahmed Esam Mahboub Tawam Hospital, United Arab Emirates	Title: Case presentation: HHV6 encephalitis in an immunocompetent pediatric host
Ahmad Subhi Al-Qassimi Hospital, United Arab Emirates	Title: The impact of SARS-COV2 pandemic on the prevalence and the outcome of Candida auris infections, admitted to a tertiary hospital in United Arab Emirates (UAE).
Ali Abdelhay Ali Elamin King Fahad University for Petroleum and Minerals Clinic, Saudi Arabia	Title: Vaccinomics approach for designing potential peptide vaccine by targeting pyruvate kinase of <i>Mycobacterium tuberculosis</i>
Mohammad Alshomrani Riyadh Regional Laboratory, Saudi Arabia	Title: Isolation of <i>Staphylococcus aureus</i> Urinary Tract Infections at a Community-Based Healthcare Center in Riyadh
Nahla Qatar University, Qatar	Title: Innovative Application for the Mitigation of Airborne Pathogens using Electrically Activated Water in Air Cooling Modified Device
Abdallah Musa Abdallah Qatar University, Qatar	Title: Immune transcriptomic analysis of COVID-19 patients with varying clinical presentations
Houssein Ayoub Qatar University, Qatar	Title: Assessing Immunity from Previous Infections in Preventing Reinfection: Applying the test-negative study design
Anastasiia Panova Bauman Moscow State Technical University, Russian Federation	Title: Initial SARS-CoV-2 infection in a group of individuals with their social behavior
Oscar Inacio Universidade Federal de Campina Grande, Brazil	Title: Comparison between conventional endotracheal tubes and polymer-coated tubes in the development of ventilator-associated pneumonia: A systematic review and meta-analysis
Nicole Abdullah Faculdades Pequeno Príncipe, Brazil	Title: Mechanisms Of Sars-Cov-2 Neurovirulence in Chemosensory Dysfunction and Prognosis of Affected Patients: Systematic Review
Rodrigo Almeida Souza Faculdade Pitagoras de Medicina de Eunapolis, Brazil	Title: Characterization of Mortality in Malaria Cases in Brazil from 2014 to 2019
Rodrigo Almeida Souza Faculdade Pitagoras de Medicina de Eunapolis, Brazil	Title: Analysis of the epidemiological profile of the hospitalization rate for schistosomiasis in Bahia, during the period from 2018 to 2022
Letícia Jacon Vicente Faculdade Pitagoras de Medicina de Eunapolis, Brazil	Title: Septic evolution resulting from complicated HELLP syndrome: a case report
Letícia Jacon Vicente Faculdade Pitagoras de Medicina de Eunapolis, Brazil	Title: Septic shock resulting from perforative acute abdomen caused by accidental ingestion of a foreign body: a case report

TENTATIVE PROGRAM

Guilherme Lima Honório Bonfim Faculdade Pitagoras de Medicina de Eunapolis, Brazil	Title: Atypical outcome of acute mediastinitis not related to surgical procedure: a case report
Guilherme Lima Honório Bonfim Faculdade Pitagoras de Medicina de Eunapolis, Brazil	Title: Atypical evolution of renal tuberculosis: a case report
Francisco Borges Costa University of Maranhoo, Brazil	Title 1: Epidemiological aspects of rabies in an Amazon-Cerrado transition region of northeastern Brazil Title 2: Title: Investigation of Wild Canid-Mediated Human Rabies Death, Brazil, 2021
Camila Melo de Freitas Faculdade Pitagoras de Medicina de Eunapolis, Brazil	Title 1: Repercussions of pasteurella multocida infection in humans: A case report Title 2: Repercussions of monkeypox infection in humans: A case report
Golden Tamon-Gayo Baguio General Hospital and Medical Center, Philippines	Title: Double trouble: Co-infection with cryptococcal meningitis and Japanese encephalitis
Helen Jane Polido Baguio General Hospital and Medical Center, Philippines	Title: Triple threat: Severe COVID-19-strongyloidiasis-taeniasis co-infection: a case report
Hideliz Marie G. Pascua Baguio General Hospital and Medical Center, Philippines	Title: Foreign fungus: Candida duobushaemulonii bloodstream infection in an immunocompromised host at Baguio General Hospital & Medical Center: A case report
Petersian M. Alcazaren West Visayas State University Medical Center, Philippines	Title: A case report of a 22 year old male diagnosed with SLE, with concomitant infections of COVID 19 moderate disease, and HIV-AIDS
Nadine B. Suerte West Visayas State University Medical Center, Philippines	Title: Clinical characteristics and outcomes of breakthrough COVID 19 infection among vaccinated patients admitted in a Tertiary Hospital
Abigail Kristine S. Juat St. Luke's Medical Center, Philippines	Title: Kluyvera cryocrescens central line associated bacteremia in a hemodialysis patient: A case report and review of literature
Quennie Bien Bien C. Yu St. Luke's Medical Center, Philippines	Title: Kluyvera cryocrescens central line associated bacteremia in a hemodialysis patient: A case report and review of literature
Karen Ivy Bacsain Universidad de Santa Isabel Health Services Naga City, Philippines	Title: Pulmonary manifestations of chronic melioidosis in a patient with type 2 diabetes Mellitus: A case report
Ro-Janna J. Jamiri-Sarapuddin Ospital ng Maynila Medical Center, Philippines	Title: Clinical characteristics and outcomes of pediatric patients with suspected and confirmed Coronavirus disease 2019 (Covid-19) infection admitted in a Tertiary Government Hospital in the Philippines

TENTATIVE PROGRAM

Helmi Ernandes

Mohamed Kassab Institute of Orthopedics, Tunisia
Title: *Ralstonia pickettii* periprosthetic joint infection

Siwimol Phoomniyom

Public Health Laboratory, The Office of Disease Prevention and Control (ODPC) 11, Nakhon Si Thammarat, Thailand
Title: Antiretroviral resistance among HIV-infected patients in the upper southern region of Thailand

Banan M. Aiesh

An-Najah National University Hospital, State of Palestine
Title: Impact of an antibiotic stewardship program (ASP) on antibiotic use, bacterial susceptibilities, and cost of antibiotics: A quasi-experimental study from a developing country

kadir

Shanghai Jiao Tong University, China
Title: The impact of air pollution-induced inflammatory processes on severity of mental health symptoms

Ahmed Hamdy Ghonaim

Huazhong Agricultural University, China
Title: Isolation and full genomic characterization of G9 group: A rotavirus in China

Xiaoyun Zhao

Tianjin University Chest Hospital, China
Title: Clinical characteristics analysis of bordetella pertussis infection in adult cough patients

Xiaofeng Wang

Peking Union Medical College, China
Title: A survey on healthcare associated infection management in 62 intensive care units for patients with congenital heart disease in China

Xiaohua Li

Henan Provincial People's Hospital, China
Title: The mechanism of the suppression of experimental fungal Keratitis by histone deacetylases inhibitors

Sukki Ho

The Hong Kong Polytechnic University, Hong Kong
Title: Effect of a multimodal infection control programme in the reduction of bacterial contamination in the nasogastric feeding tube hubs in residential care homes for elders

Showkat Ahmad Wani

Sri Pratap College, Srinagar, India
Title: Intestinal helminths in a population of children from the Kashmir valley, India

Nikita Thomas

Aster Medcity, India
Title: Rare presentation of West Nile virus encephalitis

Raman Sharma

Post Graduate Institute of Medical Education And Research, India
Title: Containment of an outbreak in Critical Care (ICU): An incident report of a multispecialty hospital in developing world

Priya Godara

Central University of Rajasthan, India
Title: Identification of multitargeting compounds against Plasmodium falciparum kinases: An approach to overcoming drug resistance in malaria therapy

Prajwal Krishna K

Madras Medical College, India
Title: Unraveling the challenges in disseminated tuberculosis-A complex case presentation

Rosshini Kummararaj

Yenepoya Medical College, India
Title: The wandering worm

TENTATIVE PROGRAM

Aji Antony Government Medical College Kozhikode, India	Title 1: A case of disseminated histoplasmosis presenting as fever of unknown origin in a patient with diabetes mellitus Title 2: Hiv associated vasculopathy presenting as cerebrovascular accident in a young girl with hiv
Ashish Jmc Sinha Pt Jnm Medical College Raipur, India	Title: Impact of health seeking behavior on Pulmonary TB care in Raipur District of Chhattisgarh province India: Community based study
Gayatri Tripathi ICAR- Central Institute of Fisheries Education, India	Title: Functional significance of Lipopolysaccharide binding protein gene during bacterial infection in Asian Seabass Lates calcarifer
Pratibha Gaur SRM University, India	Title: Defective interferon amplification and impaired host responses against influenza virus in obese mice
Anil Budania All India Institute of Medical Sciences, India	Title: A new insight in the clinical profile of Indian patients of urethritis and cervicitis with the help of molecular characterization of the causative organisms
Anupma Harshal W Consultant-Kotak Education Foundation, India	Title: Awareness of antimicrobial resistance evaluating the impact of a foldscope based workshop
Bhoj R Singh Indian Veterinary Research Institute, India	Title: A comparative study on uroculturome antimicrobial susceptibility in apparently healthy and urinary tract infected humans
Aparna M Menon Government Medical College Kozhikode, India	Title: Unraveling a case of tubercular thyroiditis presenting as thyrotoxicosis
Ira Vori Nugroho Universitas Brawijaya Malang, RS Dr. Saiful Anwar Jawa Timur, Indonesia	Title: A rare case of purulent massive pericardial effusion in an 85-year-old male
Gallusena Erickatulistiawan Brawijaya University – Saiful Anwar Hospital Malang, Indonesia	Title: Comparative evaluation of pathogens in Saiful Anwar Hospital's CVCU vs. Indonesian ICUs: A focus on hospital-acquired Infections
Brian Sri Prahastuti M.H Thamrin University, Indonesia	Title: Gap analysis of ANC and PNC for women living with HIV in 6 districts in Indonesia
Dian Wulandaru Sukmaning Pertiwi University of Indonesia, Indonesia	Title: Risk Factors for Bacterial Infection in Children Following Liver Transplantation in Indonesia: A Preliminary Study
Nashwa Elsayed Elkasaby Medical Microbiology and immunology Department, Faculty of medicine, Mansoura University, Egypt	Title: Viral pathogens of acute gastroenteritis in Egyptian children: Role of the parechovirus
Dana Naeem Ashoor Arabian Gulf University, Bahrain	Title: Computational evaluation of monoclonal antibodies neutralization power of SARS-CoV-2 variants

TENTATIVE PROGRAM

Sinisa Skocibusic

Center for Prevention and Outpatient
Treatment of Addiction Mostar, Bosnia
and Herzegovina

Title: An effective strategy for eliminating chronic hepatitis C in
individuals with an opioid addiction

Sagar Paudel

Tribhuvan University Teaching Hospital,
Institute of Medicine, Nepal

Title: Clinical profile and outcomes of central nervous system
infections: a single centre hospital-based study

Niranjan Nayak

Manipal College of Medical Sciences,
Nepal

Title: Bacteria or kidney stones: Which came first?

Valentyna Sklyarova

Danylo Halytskyj National Medical
University, Ukraine

Title: Ascariasis and enterobiasis in gynecological pathology

Elmeliani Mhammed

Oran 1 University, Algeria

Title: Synthesis of antifungal by the use of green catalyst

Fatiha Hachani

Kasdi Merbah University, Algeria

Title: Acute complications of Covid-19 infection in pregnant
woman during the period 2020-2021

Muhammad Amjad Khan

National Institutes of Health, Pakistan

Title: Overcoming the challenges of drug resistant fungal
infections in developing countries

Komal Mushtaq

DHQ Sheikhpura, Pakistan

Title: Measles outbreak – Another post- Covid phenomenon:
Lessons to be learnt

Oral presentation slots are available !!

Poster Presentations

Ashin Mehta

Medical College of Wisconsin,
United States

Title: PD-associated peritonitis: A case first for Aquamicrobium

Aaron Briggs

University of California San Diego: General
Preventive Medicine Residency Program,
United States

Title: An imitation game: Syphilis infection and increased odds of
neurologic morbidity

Michele de Leon Jauregui

University of Utah, United States

Title: Use of intravenous immunoglobulin in neonatal enteroviral
sepsis

Melanie Rosado

University of Utah, United States

Title: Use of intravenous immunoglobulin in neonatal enteroviral
sepsis

Karolina Viquez

Indiana University, United States

Title: Covid-19-associated nephropathy

Nikki Kasal

University of Chicago Pritzker School of
Medicine, United States

Title: Designing a pre-exposure prophylaxis (PrEP) training for
providers to increase PrEP awareness and prescription for black
cisgender women

TENTATIVE PROGRAM

Thashali HCA Trident Medical Center, United States	Title: Old Soup: Emphasizing Early Diagnosis and Treatment of Foodborne Botulism
Andrew Torena Weber State university, United States	Title: Brain-eating amoeba rescue-of-infection model using drug combinations
Patrick Basu Fort Walton Medical center, United States	Title: Perils of oysters propagated enterocolitis
Caroline Kruithoff Ohio University Heritage College of Osteopathic Medicine - Cleveland, United States	Title: Dermatophyte Infections Worldwide: Increase in Incidence and Associated Antifungal Resistance
David Stiles Recursion Pharmaceuticals, United States	Title: REC-3964, a first-in-class molecule for the prevention of recurrent clostridioides difficile infection
Jonathan Lambo Avalon University School of Medicine, United States	Title: The descriptive epidemiology of adverse events following two doses of mRNA COVID-19 vaccination in Curacao
Eric Brownhill Jacobi Medical Center, United States	Title: Treatment of iron-deficiency anemia reduces pneumonia- and bacteremia-associated hospitalizations
Sneha Thatipelli University of Pennsylvania, United States	Title: Perspectives of OBGYN clinicians on integrating PrEP in routine women's health care: A qualitative analysis
Kathleen Maguire University of California, United States	Title: Peritoneal coccidioidomycosis presenting as treatment resistant tuberculosis
Shaheen Khan Kaplan Avalon University School of Medicine, United States	Title: The descriptive epidemiology of adverse events following two doses of mRNA COVID-19 Vaccination in Curaçao
Julissa Soto Julissa Soto Latino Health Equity Consulting, United States	Title: The power of cultural validation a global innovative strategy when working with vaccines
Joanne Ling Staten Island University Hospital, United States	Title: A rare case: Cryptococcal meningitis presenting as recurrent stroke
Tatjana Gavranic Mayo Clinic, United States	Title: Clostridium ramosum bacteremia-an institutional experience
Lauren Panny US Army Medical Research Institute of Infectious Diseases, United States	Title: Improved techniques for validation of inactivated virus and RNA of positive sense RNA viruses for containment research
Nicholas Orfan Population Health Impact Institute, United States	Title: Association Between Covid-19 Infection and Myocarditis

TENTATIVE PROGRAM

Suchit Chidurala Joe R. and Teresa Lozano Long School of Medicine, United States	Title: Unusual Presentation of Infective Endocarditis Following a Prostatic Urethral Lift: A Case Report
Ashley Zhou Mayo Clinic, United States	Title: An unusual case of multidrug-resistant klebsiella pneumoniae and vancomycin-resistant enterococcus faecium skin and soft tissue infection in an immunocompromised host
Irina Metonidze University of Georgia, Georgia	Title: The impact of D vitamin deficiency in the course and resolution of Covid-19
Fatima Ahmed London School of Hygiene and Tropical Medicine, United Kingdom	Title: Evaluating the contribution of Aedes albopictus on dengue prevalence: A systematic literature review and meta-analysis
Juan Castillo Mewa Instituto Conmemorativo Gorgas de Estudios de la Salud, Panama	Title: Allelic and haplotypic association of HLA alleles with HIV progression in naïve individuals from Panama
Simona Ospedale Pierantoni, Italy	Title: Human herpesvirus-8 negative in patient with non multicentric castleman disease as the first manifestation of HIV disease
Simona Yoffe Deri Sheba Hospital, Israel	Title: Early versus late onset necrotizing enterocolitis in very low birth infants in the neonatal intensive care unit
Simona Yoffe Deri Sheba Hospital, Israel	Title: The presentation of rhabdomyolysis in influenza B patients – A case series
Salma Younes Qatar university, Qatar	Title: A Novel 2D diphosphate nanocrystalline hydrogel with antimicrobial and biocompatible properties for the treatment of skin infections
Nadin Younes Qatar University, Qatar	Title: Seroprevalence of hepatitis E virus (Hev) among craft and manual workers in Qatar (2020-2021)
Zinaida Zagdyn Semashko National Research Institute of Public Health in Moscow, Russian Federation	Title: Structured TB risk factors in regions with high and low population density in Russia
Reem Alblooshi Cleveland Clinic Abu Dhabi, United Arab Emirates	Title: When dengue disguises itself: Uncommon presentation resembling hemophagocytic lymphohistiocytosis in a young adult
Amna Ahli Cleveland Clinic Abu Dhabi, United Arab Emirates	Title: Disseminated echinococcus infection with cardiopulmonary involvement
Laelson Rochelle Milanes Sousa University of Sao Paulo, Ribeirao Preto College of Nursing, Brazil	Title: Prevalence of Covid-19 diagnosis among Brazilian nurses after complete vaccination schedule

TENTATIVE PROGRAM

Laelson Rochelle Milanes Sousa University of Sao Paulo, Ribeirao Preto College of Nursing, Brazil	Title: Prevalence of Physical and/or mental health symptoms for four weeks or more due to Covid-19 among Brazilian nurses
Renata Karina Reis University of Sao Paulo, Ribeirao Preto College of Nursing, Brazil	Title: Patterns Of chlamydia trachomatis and neisseria gonorrhoeae in different anatomical sites among pre-exposure prophylaxis (PRPE) users in brazil
Elucir Gir University of Sao Paulo, Ribeirao Preto College of Nursing, Brazil	Title: Prevalence of covid-19 diagnosis among Brazilian nurses after complete vaccination schedule
Elucir Gir University of Sao Paulo, Ribeirao Preto College of Nursing, Brazil	Title: Prevalence of physical and/or mental health symptoms for four weeks or more due to covid-19 among Brazilian nurses
Eduardo Ferracioli-Oda University of São Paulo, Brazil	Title: Low-volume direct multiplex PCR for etiological diagnosis of infectious uveitis
Zucatelli Instituto Butantan, Brazil	Title: Antiviral activity of different molecules obtained from invertebrates against coronavirus
Antonio Alberto Moreira Moscatelli Faculty of Medical Sciences of Santa Casa de São Paulo, Brazil	Title: Doxy-PEP awareness, demand, and use among men who have sex with men in San Francisco in 2023
Paloma Lucia Ramirez Faculty of Medical Sciences of Santa Casa de São Paulo, Brazil	Title: Unmet need for HPV vaccination among men who have sex with men, San Francisco, 2023
Maria De Fatima Ferreira Da Cruz Fundacao Oswaldo Cruz, Brazil	Title: A snapshot of a representative Brazilian state of illegal mining in indigenous areas during the era of malaria elimination
Ihtisham Ul Haq Federal University of Minas Gerais, Belo Horizonte, Brazil	Title: Antimicrobial activity of peptides derived from Lycosa erythrognatha spider venom against quinolone-resistant uropathogenic Escherichia
Laura Fermiano Bastos Fundação Assis Gurgacz University Center, Brazil	Title: Analysis of the influence of the covid- 19 pandemic on reported malaria cases in Brazilian macroregions between 2018 and 2022
Jiahui Zhu University of Helsinki, Finland	Title: Transmission of drug-resistant Mycobacterium tuberculosis isolates between Finnish- and foreign-born cases, 2014-2021: a molecular epidemiological study
Jiahui Zhu University of Helsinki, Finland	Title: Molecular epidemiology of the SARS-CoV-2 omicron variant in Finland, November 2021 to June 2023: a molecular epidemiology study
Tarek Kamal Motawi Cairo University, Egypt	Title: Potential serum biomarkers for early detection of diabetic nephropathy
Racha Boubekour Parsitology-Mycology Laboratory at the Army Central Hospital, Algeria	Title: Molecular detection of Candida Africana species of the albicans complex on clinical isolates for candidiasis diagnosed at HCA

TENTATIVE PROGRAM

Racha Boubekeur Parasitology-Mycology Laboratory at the Army Central Hospital, Algeria	Title: Systematic review of resistance to fluconazole for clinical isolates of the <i>Candida albicans</i> species diagnosed in the HCA parasitology mycology laboratory
Abdelouahed Khaled Hospital Central Army Parasitology- Mycology Department, Algeria	Title: Molecular detection and characterization of <i>Giardia duodenalis</i>
Tran Lam Tu Quyen China Medical University, Taiwan	Title: Investigation of molecular epidemiology of carbapenem-resistant <i>Acinetobacter baumannii</i> group in Taiwan
Manuel Antonio Sierra Santos Universidad Tecnologica Centroamericana, Honduras	Title: Post COVID-19 syndrome is associated with sex and severity of first COVID-19 episode in Honduras
Hideliz Marie G Pascua Baguio General Hospital and Medical Center, Philippines	Title: Foreign fungus: <i>Candida duobushaemulonii</i> bloodstream infection in an immunocompromised host at Baguio General Hospital & Medical Center: A case report
